

ADJOURN HEARING SUGAR QUINCTION UNTIL NEXT WEEK

Officers of Exchange Preparing to Make Answer

(By The Associated Press)
NEW YORK, April 30.—Hearing of the government's application for a temporary injunction to restrain raw sugar futures trading on the New York coffee and sugar exchange was adjourned until May 7 today after the government had presented arguments to sustain its petition and filed a mass of documents and affidavits.

The exchange, its clearing association and the 23 past and present officers and members who have been subpoenaed, took no action in today's proceedings except to file an answer to the government's petition denying the charge that the transactions on the exchange constitute a conspiracy in restraint of trade in violation of the Sherman anti-trust law.

Assistant Attorney General A. T. Seymour and Special Assistant J. T. Fowler in, presenting the government's case, asserted that since February 1, an orgy of speculation has been indulged in through the instrumentality of the exchange and its clearing association and that enormous quantities of raw sugar, more than the total stocks then in existence, have been the subject of fictitious or paper sales. The result, they said, was that the price of raw and refined sugars had been increased more than two cents a pound to the consumers.

Interstate and foreign trade and commerce were affected by the operations of the exchange, they argue, and pointed out that Chief Justice Taft, in the grain futures trading decision had stated that interstate trade and commerce may be burdened and restrained by "paper" sales on a commodity exchange even assuming that those entering into such transactions are not themselves engaged in such trade and commerce.

It was not necessary to prove an express agreement, they contended, in order to establish a combination or conspiracy. The assumption that the operations complained of were authorized by corporate charters was no defense, they claimed.

Mr. Seymour in his argument presented affidavits from the Massachusetts legislative committee which recently investigated the high price of sugar. It was confirmed, he said, that the ten sugar refining companies operating 15 refineries on the Atlantic coast and two on the Pacific coast purchased little, if any, of their raw sugars through the exchange. There was no economic necessity for the exchange as operated at present, he declared. Figures were submitted to show that out of more than 1,550,000 tons of raw sugars bought during February only 300,000 tons had actually been delivered. The rest of the transactions, he claimed, had been settled thru the exchange's clearing association by means of matched sales and ring settlements.

BURLINGTON FREIGHT DELAYED BY WRECK

Monday, at 10 a. m., Burlington train No. 89, engine 6123, was delayed two miles north of Jacksonville by a truck breaking down under a car of coal derailing one car and tearing up about 150 ties. There were no delays to traffic as the south bound track was left clear. The wrecker was ordered from Beardstown to pick up the car.

It is considered a peculiar coincidence that only one car was derailed, as the train was traveling at a fair rate of speed.

INFANT CHILD IS FOUND DEAD

David Koontz, infant son of Mr. and Mrs. Lester L. Koontz, 328 East Court street, was found dead in his bed Monday morning, death coming some time between midnight and morning.

Coroner Rose was called and the facts found as stated above. Funeral services were held at 2 o'clock yesterday afternoon from the Gilliam Funeral Home, the Reverend W. H. Marbach, officiating.

HARD ROAD OPEN FOR TRAFFIC MAY 8

According to a statement issued yesterday by P. J. White, street commissioner, the hard road and bridge on Morton avenue will be opened for traffic on May 8th. This will do away with the detour on Henry street and will give a complete hard road from this city to New Berlin.

CAMPBELL SAYS AMERICAN SHIPS CAN SELL LIQUOR

Counsel for American Ship Owners So Interprets Law

(By The Associated Press)
NEW YORK, April 30.—American ships will be placed on an equal basis with those of foreign lines as the result of the Supreme Court's ruling today permitting United States vessels to sell liquor beyond the three mile limit, provided none is brought into port, it was declared tonight by Ira H. Campbell, counsel to the American Steamship Owners' Association.

Mr. Campbell based his assertion on that portion of the ruling which prohibits foreign vessels from bringing their stocks of wet goods within the three mile zone, thus making all ships actually dry when they touch American ports. Foreign owners were silent at the ruling was discussed at a meeting of the International Mercantile Marine today.

Although he has had no notice of the decision Mr. Campbell said from Press Reports he considered the decision a distinct victory for American owners. "It places among ships a parity with foreign owned and operated vessels," he said, "and removes at once a serious disadvantage to the operation of American ships. The decision should be especially advantageous to American ships in the South American and Oriental trade where light wines and beer are conceded part of the food because they believe the win results in many Americans taking American boats for passage to Europe where, because of the adverse ruling, they chose to take ships flying foreign flags."

The ruling was also greeted with favor by Palmer Canfield, federal prohibition director for New York and by William Hayward, United States attorney to whom is given the task apprehending many violators of the liquor law.

A ninety nine per cent victory for the government was the way Attorney Hayward described the ruling. He said the question as to whether American ships could carry liquors outside the three mile limit, was after all, only an academic legal question as far as prohibition enforcement was concerned. The big question, he said, was whether either foreign or American vessels could bring drinkables into the harbors of the United States under the guise of their being stores of medicine. The trouble with this practice, he said, was the fact that too much of the "medicine" found its way ashore.

There was little indication as to what action either the American or foreign owners would take in making practical application of the ruling.

There was considered a plan for the ships to stop at some nearby foreign port, such as Halifax or Bergru, on their way out, take on enough liquor to last the return trip and see that it was all disposed of before the vessels docked again at a United States port.

MAKE PREPARATION FOR SPECIAL WORK

At a meeting of the Commercial Division held Monday morning, steps were taken to prepare for the coming of Fred High to Jacksonville and the staging of a "Community Cooperative Week." A special committee, consisting of L. S. Reid, A. R. Taylor and C. J. Buhner, was appointed to outline a program for the week, by which Mr. High will schedule his various addresses. The campaign will start May 13.

It was suggested by the committee that Mr. High address some school or college each morning, and that the business men and women's organizations in the afternoon, and in the evening hold meetings in the surrounding communities. He will doubtless be accompanied by a local orchestra or some other entertainment group on these outside trips.

RECEIVES WORD OF BROTHER'S DEATH

J. W. Bowen, 403 Lincoln avenue has received word of the death of his brother, J. W. Bowen, at Fort Morgan, Colorado.

Deceased was born near Kinderhook, October 27, 1854, and resided in Illinois for several years. He was a member of the Masonic lodge, and the Knights of Pythias. He is survived by his brother here, and one sister, Mrs. Mary E. May of Springfield, also one half brother, W. H. Peer, and one half sister, Miss Ida Peer, both of Meridian, Idaho.

Interment will be held at Fort Morgan where his wife, who preceded him two years ago, is buried.

COMMITTEE ON HERRIN PROBE LEAVES MARION

Spent Four Days Examining Witnesses on Killings

(By The Associated Press)
MARION, Ill., April 30.—Members of the legislative committee investigating the Herrin mine riots of last June left tonight for Springfield where the inquiry will be resumed on Thursday after a session of four days here during which most of the peace officers of Williamson county, Marion and Herrin and many citizens were questioned in the committee's effort to fix responsibility for failure to send troops here to prevent the trouble.

Charles R. Edgington, secretary of the Greater Marion Association testified today that he had heard Colonel Sam Hunter, sent here to investigate the impending trouble which led to the riots by adjutant general Carlos Black, telephone to his superior officer that troops were needed to stop the attack on the Southern Illinois Coal company property at Herrin.

At this time, according to other witnesses, crowds were forming in several miners' towns and less than two hours later, national guard officers testified, companies of troops at Salem and Mt. Vernon were ready to be mobilized.

One of the chief points in controversy, whether Colonel Hunter stopped the mobilization of troops or told General Black that the situation did not warrant troops, was fought over today. Telephone records from the Marion office were introduced and showed no call records the night before the slaying of more than a score of non-union miners when witnesses had testified they heard Colonel Hunter call General Black, and tell him the situation was well in hand.

Chairman Frank McCarthy of the investigating body, however, asserted he was convinced that Colonel Hunter and General Black had conversed over the phone late the night previous to the rioting and said he believed records in the Springfield telephone office would show such a call.

SKELETON MAY BE THAT OF MISSING NORTHWESTERN MAN

Leighton Mount Disappeared After Class Rush in 1921

(By The Associated Press)
CHICAGO, April 30.—In a hole in the sand and stone underneath a pier at Evanston a skeleton believed by the police to be that of Leighton Mount, Northwestern university student who disappeared in December, 1921, following a class rush between freshmen and sophomores, was found tonight. A belt buckle, bearing the initials "L. M." was found with the bones and this led the police to believe the skeleton was that of the youth.

The skeleton was found by Tad W. Warren, 12 years old, who raved into a hole in the pier (flooring playing and emerged carrying the shin bone of a man which he took home. His parents notified the Evanston police who investigated.

Leighton Mount, a freshman at the university disappeared September 22, 1921 after a class rush between freshmen and sophomores during which a number of students were said to have been drowned in the lake and one was laid head downward at the end of a breakwater.

The students participating in the rush afterward denied that Mount had been thrown into the lake or mishandled or that they had had anything to do with disappearance. A fruitless search for his body by students and authorities was carried on for weeks.

Support was given to the student's story by Miss Doris Fox, a nurse and friend of young Mount's who said he had threatened to commit suicide and had left a note for her on the evening of the class rush, saying he would enter the class fight and then disappear.

ESTATE TO CHARITY AND EDUCATION

ST. LOUIS, Mo., April 30.—Robert H. Stockton, president of the Majestic Manufacturing company stove manufacturers, who died last Friday left virtually his entire estate, valued at \$2,000,000 to charitable, religious and educational institutions.

His will filed in probate court directed that two fifths be given to the Culver-Stockton college at Canton, Missouri; one fifth to the Christian Orphan's Home here; one fifth to the Christian church, and one fifth to the Ministerial Relief department of the Christian church.

Zachary Trial Opened In Winchester Monday

By a Staff Correspondent
WINCHESTER, April 30.—With eight jurors definitely accepted, and a special panel of 30 veniremen summoned to report at 9 in the morning, the trial of Samuel T. Zachary of Morgan county, alleged murderer of Luther Crawford, is expected to be well under way Tuesday. Two groups of four men each were selected for jury service late this afternoon, and the ninth man was under examination when Judge E. S. Smith adjourned court shortly before 6 o'clock.

Attorneys and court officials are expectant that the jury will be completed by tomorrow noon and the afternoon will be given over to opening statements by the six attorneys interested in the case, which was brought here on a change of venue from Morgan county.

The eight jurors selected are farmers and reside in the south and west portions of Scott county. Veniremen living toward the Morgan county line and close to Winchester have not proved to be good jury timber. The majority of them had read of the case and heard it discussed. As each man stated that he had formed an opinion as to the guilt or innocence of the defendant, he was challenged and left the jury box. In all, 74 men were examined today.

The Eight Jurors
Jurors accepted are: Joseph Bunch, William E. Knapp, Albert Brown, John Keemer, George Orris, Thomas Edmonson, Ed Sherwin and Oscar Friesen. The average age of these men is about 40 years.

The trial of Zachary is expected to be carried on rapidly and some overtime sessions of court are in prospect. Judge Smith is scheduled to preside at the opening of the May term of the Sangamon circuit court in Springfield next Monday, and it is thought the case here will be at a close before the end of the present week. Five o'clock the usual time for adjourning court, but this afternoon's session did not close until 5:45. A strenuous day Tuesday is anticipated by both sides.

The last four men for the jury had been accepted by the defense late this afternoon when Attorney Walter W. Wright of Jacksonville, special prosecutor representing the Crawford family, challenged three of them. This left nine in the box, one of them still doubtful.

Special Panel Ordered
Judge Smith ordered a special panel of 30 called for morning, and Sheriff Thomas got busy at once on the task of rounding

Germanys Reparations Program Nearly Ready

(By The Associated Press)
BERLIN April 30.—Germany's new reparations program inspired by Lord Curzon's recent speech will be dispatched to the entente capitals and to Washington Tuesday night. Its final draft will be decided on tomorrow, after Chancellor Cuno and Foreign Minister Von Rosenberg have completed further deliberations with the Reichstag leaders and announced the government's plan to the premiers of the federated states.

Official quarters continue their refusal to make even a cursory revelation as to the nature of the new proposals characterizing current predictions as unauthorized and wholly conjecture. Among the Reichstag leaders who have been in constant touch with government officers the last week the opinion is prevalent tonight that the new offer will specify a flat fixation of thirty billion on gold marks, will propose a 99 year amortization pact to be participated in by the Rhine powers and provide for the creation of a Franco-German industrial enterprise.

Whether Germany is making the payment of thirty billion gold marks contingent on the successful flotation of a foreign loan though it was stated that the German industrial and financial interests had urged to Chancellor Cuno their support for his new program.

As an alternative to its new offer, it is learned the German government would make the unconditional condition that the whole reparations tangle should be submitted to a jury of authorized economic experts, as the American secretary of state proposed, or it would even be satisfied to have new proposals made subject to inquiry by such a neutral commission, upon which the entente as well as Germany would be represented.

The inclusion of a long-term anti-aggression pact has been stimulated by the desire to have the question of reparations, which has been included into the situation by Germany solved on a basis that would call for mutual confidence on the part of all the powers concerned.

Mrs. Keta Bradbury, proprietress of the Gem restaurant at Beardstown was a city visitor yesterday.

Additional interest accompanies the case Tuesday as opening statements and probably some testimony are in prospect.

Mrs. Crawford, widow of the slain man, will be one of the first witnesses on the stand for the state. She will likely be followed by Albert Filey of Alexander, formerly of the Pisgah neighborhood in Morgan county, who was an eye witness to part of the fatal meeting between Crawford and Zachary.

State's Attorney Carl E. Robinson of Jacksonville, assistant in charge of the prosecution, assisted by Mr. Wright and State's Attorney L. A. Mehrhoff of Scott county, representing the defense, are expected to be in court Tuesday morning. Mr. Wright and W. T. Wilson of Jacksonville and J. M. Riggs of this city. All attorneys entered into the routine of examining jurors.

Questions On Death Penalty
The state is asking each man if he has any conscientious scruples against the death penalty in the proper case. Not a single man examined during the day replied in the negative but were excused on other grounds.

The majority had read of the case in daily or weekly newspapers or heard it discussed by friends. Many were excused upon stating that they had an opinion but had not expressed it, he was questioned by the court as to the strength of the opinion. Several times after a venireman had been challenged the challenge was temporarily over-ruled by Judge Smith until he had examined the man personally.

The case was called for trial at 10 o'clock this morning and the prosecution announced its willingness to go to trial. The defense hesitated because of the absence of a witness said to now be in Indiana. Attorney Hairgrove explained to the court that the witness had been notified on several occasions that he was wanted in Winchester on this date, but that no reply had been received until railroad fare was forwarded. Hairgrove said the defense confidently expected this witness to be on hand, and that it would not be strictly fair to the defendant to proceed with the trial until the witness put in an appearance.

The court mentioned the time in which preparation could have been made, and without further comment called the cause for trial.

Practically all of the first panel of jurors were questioned as to Continued on Page Two)

SEARCH IS BEING MADE FOR BODY OF AURORA RESIDENT

Believe He Was Murdered and Body Spirited Away

(By The Associated Press)
AURORA, Ill., April 30.—City and county authorities were searching tonight for the body of Warren J. Lincoln, former attorney and prominent nursery man who they believe was beaten to death with an Indian club as he lay in bed last night and his body spirited away.

One person, John Lincoln, 20 years old, son of the missing man had been taken into custody in connection with the case. Young Lincoln was arrested late today at a Chicago drug store where he was employed and was held for questioning by the Chicago police.

The elder Lincoln was missing when his brother, Edward, his partner in the nursery business, went to his home, about a mile and a half from here this morning. His clothes were piled on a chair in his bedroom, the brother told the police, while in a green house nearby was found a large pool of blood, a blood-stained Indian club and a partly emptied flask of whisky.

The missing man's night shirt, his night cap and a woman's glove were found in a cistern several hundred yards from the house. His desk had been pried open and papers strewn about the house and yard and as far as the cistern.

Lincoln's wife from whom he was separated and whom he had talked of suing for divorce a month ago is missing. The authorities are searching for her and for her brother, B. L. Shoup, who lived at the Lincoln home for a time and with whom Lincoln is said to have quarreled.

John Lincoln, the missing man's son by a former marriage, told the Chicago police that he did not believe his father had been killed and added that if harm had befallen him, he believed his father's brother-in-law was to blame.

Son Visited Father
Young Lincoln said he had gone to Aurora Sunday and had visited his father and had gone to Geneva Sunday night to visit a girl, returning to Chicago this morning. His father, he said, had been in Chicago part of the day Sunday and had driven him to Elgin in an automobile Sunday night. He said that his father had mentioned to him that he believed a sandy complexioned man about 25 or 30 years old had been trailing him recently and complained that this man had once followed him to Chicago. His father had never mentioned having been threatened, his son said.

Mrs. Lincoln, according to the police, was last heard from in California. The son said his father married the second time in 1912 but that he could not agree with his step-mother and left home in a short time.

Marie Klein, a neighbor girl who worked at Lincoln's home at intervals since his wife left, said the glove found in the cistern was one of a pair that he had been in a woman's cloak that was in the Lincoln home Saturday. The gloves, a raincoat and a skirt were gone when the police arrived at the home. According to the son, his father's wife and brother-in-law had threatened the missing man before Mrs. Lincoln left.

SECTION HAND SUFFERS INJURY

Lloyd Summers, a section hand of the Chicago & Alton railroad was brought to the Passavant hospital Monday suffering from injuries to his head and right leg, which he sustained when a motor car of ties, on which he was riding shifted its load and threw him off, his head striking on the ties as he fell. His leg also received several bruises and cuts.

ANNUAL THANK OFFERING SERMON

The annual thank-offering sermon for the Woman's Foreign missionary society of Ebenezer church was preached by Rev. F. E. Bracewell, who took as his text "The River of Salvation," from the prophecy of Ezekiel. A collection of more than fifty dollars was received.

MURRAYVILLE CHILD IS BADLY INJURED

Chicago & Alton passenger train No. 16, passing through Murrayville at 12:06 Sunday, struck a Ford car in which Frank Ring, his wife, daughter Teresa, aged seven and little son aged four, were riding, overturning the car and badly injuring the little girl.

The accident happened at the first crossing south of Murrayville. It is reported that the father tried to cross the track ahead of the train, and the car was hit in the back end and completely turned over. The father and mother escaped injury but the little daughter was badly cut about the face and head and the son sustained several bruises by being pinned under the car.

The train was slowing down for the Murrayville station at the time, which probably accounts for the fact that they were not all seriously injured.

FARM WORK HAS MADE PROGRESS LAST TWO WEEKS

Warmer Weather and More Rain Needed Says Report

(By The Associated Press)
SPRINGFIELD, Ill., April 30.—Farm work has made progress in the last two weeks, except in the extreme north, where it has just begun, and in the extreme south, where heavy rains has been a hindrance, according to the semi-monthly report of the federal state crop service. The report continued:

"Moderate rains over the state have been beneficial to winter wheat and pastures, but warmer weather and more rain is needed."

"Plowing for corn has made good progress and a few reports indicate seeding commenced in southern sections. Little corn is moving out of the country. The season's feeding requirements have made a heavy demand on reserves and much inter-country movements have been evident. A moderate increase in acreage for this year is indicated by early reports. An unfavorable spring for other crops and the favorable price for corn are important factors in the increase."

Winter wheat has been benefited by rains and more moderate weather. Many fields are looking good in the heavy wheat sections growth is short with respect to normal, and many spotted areas show up on high ground and in late seeding. More rain and warmer weather are needed.

Oats seeding is nearly completed with the exception of some northern sections. Oats are coming up in central and southern sections and show a fair stand. Pasture and meadows are late but coming on rapidly and with more warm weather will soon furnish considerable feed.

Late reports show that the winter has been hard on old clover in the northern part of the state but the prospect is somewhat better in other sections. Spring clover was damaged some by freezes in the south and many found it necessary to reseed. Hay prices are attractive but the market movement is slow owing to the rush of field work.

Livestock is in good health generally. While losses to the early spring pig crop in many sections are reported heavy, indications for the state as a whole are for a good increase in numbers of pigs over last year.

NOTED AUTHOR OF WESTERN STORIES DIED YESTERDAY

Emerson Hough Passed Away at Evanston Hospital

(By The Associated Press)
CHICAGO April 30.—Emerson Hough, author and naturalist, died at the Evanston hospital today after a short illness.

Mr. Hough who was 66, was taken to the hospital Thursday suffering from an intestinal obstruction and an operation was performed Saturday. He appeared to be recovering but suffered a relapse. Funeral services will be held at his home tomorrow afternoon.

Mr. Hough's writings dealt mainly with adventure in the west. He took a keen interest in hunting and fishing and the last thing that he wrote, according to his secretary was an appeal for the Izak Walton league.

Mr. Hough first attained recognition with his "Mississippi Bubble," published in 1902. Seven years later he published what was probably his most famous novel "Fifty four forty or fight."

He was born in Newton Iowa, and was graduated from the University of Iowa in 1880.

LIQUOR IS BARRED ON ALL VESSELS IN THREE MILE LIMIT

Supreme Court Handled Down Decision Yesterday

(By The Associated Press)
WASHINGTON, D. C., April 30.—Intoxicating liquors, even under seal, cannot lawfully be brought in American or foreign ships within three miles of the shores of the United States the supreme court held today in a decision which declared, however, that outside the three mile limit American vessels can legally sell intoxicants to passengers. The right of foreign ships to do so has not been questioned.

The opinion in cases brought by foreign and two by American steamship companies, was delivered by Justice Van Devanter. Without expressing his view, Justice Sutherland dissented. Justice Sutherland in a dissenting opinion agreed with the majority of the court in reference to American ships but declared that foreign vessels had the right to bring liquors into American ports under restrictions adequately guarding against leakage ashore.

The effect of decision was to affirm that of Federal Judge Hand in New York insofar as it sustained the opinion of Attorney General Daugherty that intoxicants could not legally be brought into American ports, and to reverse it with regard to the right of American vessels to have liquor aboard on the high seas and in foreign ports.

Congress Has Power
The court today pointed out specifically that congress has the power, if it sees fit to exercise it, to forbid all ships flying the American flag to carry and serve liquors outside the three mile limit. This view of the court resulted in predictions by many "dry" leaders, after the gist of the decision had become known, that an attempt would be made to obtain legislation on the point at the earliest opportunity.

Sweeping in its scope, the decision left administration officials somewhat at sea as to how they would proceed as a matter of permanent policy. Chairman Lasker of the shipping board announced that for the present at least, the ban on liquor would be kept on all shipping board vessels. The treasury, it became known, intends at once to redraft its prohibition regulations to make them jibe with today's decision.

Federal Prohibition Commissioner Haynes expressing gratification at the court's interpretation of the law declared it would greatly simplify prohibition within American territorial waters, his view being that a benefit would be maintained as a result of foreign and American vessels being placed on the same basis within the three mile limit.

The question is expected to come up for discussion at tomorrow's cabinet meeting. Attorney General Daugherty will participate in discussions for the first time in more than two months, and it is likely that he will have suggestions to make as to policy. He declined to discuss the decision today.

FIVE TAKE DEGREE IN URANIA LODGE

Five candidates were given the initiatory degree in Urania Lodge 243, L. O. O. F., at the regular meeting Monday evening. A large number of Odd Fellows from Woodson were guests of the local lodge and witnessed the conferring of the work. Following the ceremonies, refreshments were served.

The candidates who took the degree were: R. M. McAllister, J. E. McNeeley, David Gustafson, Walter H. Meyers and James L. Knapp.

RETURN FROM EASTERN CLINICS

Dr. C. E. Cole and Dr. W. H. Weirich have returned to Jacksonville after spending two weeks attending clinics in various cities in the east. The schedule, of which mention has already been made, was followed by a party including several hundred physicians and surgeons, the expedition being under the direction of the Tri-City Medical society. Clinics were conducted in Cleveland, New York City, at Harvard university, Philadelphia and Washington. There were some slight seeing side trips, but for the most part it was a period of study for the members of the party who greatly appreciated the opportunity of close contact with the eminent physicians and surgeons who conducted the clinics.

CLOVERLEAF ACQUIRES MORE PROPERTY

A real estate transaction which has been pending for some time was completed yesterday when Illini lodge No. 4 sold to F. H. Rowe for the Cloverleaf Casualty Co., a tract of land for the Court street to the north of the L. O. O. F. building. The property will be used later in the expansion of the Cloverleaf Press building. F. H. Wiswell was the broker in the transaction.

**LAKE REPORT ON FUNDS
FOR CEMETERY USE**
Board of Managers Now Has
\$1700 Invested in Bonds—
Central Agency for Cemetery
Requests is Provided.

The board of cemetery man-
agers which includes W. A. Jen-
kinson, president; Dennis Schram,
secretary, and Harry M. Capps,
treasurer, yesterday transmitted
to the Jacksonville Cemetery com-
mission \$1700.50 to be applied to
the improvement of cemetery
sites.

Along with the remittance the
managers furnished a description
of the lots where work is to be
done thru this fund. Since the
board was organized about a
year ago, funds totaling \$1700
have been received and invested
in Liberty bonds, the income from
these investments to be turned
over from time to time to the
cemetery commission.

In past years persons who
wished to leave a specified sum
for the care of cemetery lots had
no central agency or organiza-
tion in whose care the money
could be placed. The disadvan-
tage of such a condition is well in-

dicated in the report filed yester-
day by the board of managers.
A fund of \$100 was paid to
the fund, together with interest
thereon amounting to \$34.90.
The funds had been placed in
the bank a number of years ago
and no person designated to su-
pervise the expenditure of the
money in cemetery work. As a
result the fund increased but the
work for which it was set aside
was not accomplished.

The city treasurer had a num-
ber of such funds and the same
was true of the banks of the
city, and they were all pleased
when the cemetery board was ap-
pointed by Mayor Crabtree for the
purpose of meeting this situa-
tion.

The board is now fully organ-
ized and when the personnel
changes the organization will
still be effective and thus a per-
manent agency for the care of
special cemetery maintenance
funds has been provided. As in-
dicated, the board of managers
has in its hands \$1700 from be-
quests and in addition has re-
ceived interest amounting to
\$121.13.

Special Funds
The special funds now in the
hands of the managers include
the following:
Ruby White, \$100.
Margaret Neely, \$100.
M. L. D. Keiser, \$500.
Frances Hall, \$100.
G. W. Craig, \$100.
Ferdinand L. Strawn, \$100.
Mrs. Marion B. Tanner, \$100.
Allen A. Tanner, \$100.
P. W. Fox, \$50.
Mary R. Yates, \$100.
John Trabue, \$50.
Carrie Wahrenbrock, \$50.
H. S. Hopkins, \$50.
M. P. Ayers estate, \$100.
Mr. and Mrs. George Tremb-
lett, \$100.

son's.

**FAIR BOARD TO BUILD
RACE HORSE BARN**
Directors Took Favorable Action
at Meeting Monday Night—Ad-
mission Rate Seneane Adopted

The Morgan County Fair as-
sociation board of directors met
last night and approved the plan
of building a race horse barn
which will cost approximately
\$1,000. However, the matter
is to be referred to the finance
committee. Approval was given
the project after men interested
in racing matters had given as-
surance that the additional money
needed will be raised at the mat-
inee July 4th. The barn will be
of modern type, fully equipped.
D. T. Hemlich, who is in charge
of the advertising in the fair cat-
alog, reported that 94 advertise-
ments had been secured. The
contract for printing the catalog
was awarded the Jacksonville
Journal company.

The schedule for admission
was adopted as follows:
Single admissions, 50c.

**Zachary Trial Opened
In Winchester Monday**

(Continued from Page One.)
their membership in secret so-
cieties. "Are you affiliated with
any organizations that made you
oath bound or pledge bound?"
was the question put to them. All
replied in the negative.

It is believed this question was
asked because of the alleged in-
terest a secret organization is
supposed to have assumed in the
case. Among the affidavits filed
in connection with a petition for
change of venue from Morgan
county were several tending to
show that the Ku Klux Klan is
active in the case. Nothing more
of this alleged element in the
case was mentioned, however,
and may not be during the re-
mainder of the trial.

Had the trial opened in Mor-
gan county the court room would
have been packed to the doors,
but Winchester is going on about
her business without great inter-
est in the proceedings. The court
room will naturally be more
crowded tomorrow as witnesses
for the state will arrive, and
some Winchester residents will
desire to hear the testimony.

Case Reviewed
Zachary is now on trial for a
murder he is alleged to have com-
mitted on November 16, 1921 in
a public highway several miles
southeast of Jacksonville. Craw-
ford was shot several times. He
died in a Jacksonville hospital
the same night.

Although the attorneys are
carrying on their work rapidly,
they are carefully examining the
prospective jurors on numerous
points which, if overlooked,
might prove disastrous for them.
The defendant's attorneys are
questioning each man as to his
relationship to Morgan county—
if he has ever resided there, or
has any relative in the vicinity
of Jacksonville. Several men
were excused from the jury box
when they stated that they had
brothers or sisters in Morgan
county and heard them discuss
the case.

The first twelve men called
for examination, however, were
fairly ignorant of the substance
of the case about to be tried. All
of them had heard of it, but at
least two had never read any-
thing about it. The majority of
the first twelve examined de-
clared that they had no opinion as to
the guilt or innocence of the de-
fendant, but only three were left
in the jury box for further ques-
tioning, others from the regular
panel taking the places of the
nine excused.

The prosecution asked each
man if he has a family and whether
he is opposed to inflicting capital
punishment if the case be
proper. The majority examined
said they had no scruples against
the death penalty in extreme
cases.

A few veniremen were prompt
and plain in making it known
that they have heard details of
the Zachary case and have formed
an opinion that would require
considerable proof to remove
from their minds. These men
were quickly challenged by the
defendant and they were unfit-
ted for jurors in the case.

May Plead Self Defense
While the defense had not
made known any details planned
in its effort to clear Zachary, it
is generally believed that its case
will be built on self defense. The
defense attorneys are expected
to introduce evidence tending to
show that their client did not
shoot Crawford, his neighbor, un-
til after Crawford had threatened
him with bodily injury.

Prosecuting attorneys have ex-
pressed confidence that they
will prove Crawford's death a
plain case of murder. Witnesses
are expected to be put on the
stand by the state to testify that
Crawford was some distance from
Zachary at the time the former
was shot.

A large number of prosecution
witnesses are to report tomorrow
and the defense witnesses are
summoned for Wednesday.

Zachary was arrested and placed
in the Morgan county jail
where he remained for several
months. His release from jail
was obtained through affidavits
tending to prove that his health
was impaired by confinement
and that continued imprisonment
would result in his death. He
was later released on bond. The
case was continued in the Mor-
gan county circuit court at one

time because of Zachary's ill-
ness. It was continued the sec-
ond time because of the fact that
some of the defense's chief wit-
nesses were ill. Later attorneys
for the alleged slayer sought a
change of venue contending that
their client could not secure a
fair and impartial trial in his
home county because of prejudice
on the part of a large percent of
the population. A change of ven-
ue to this county was granted by
Edmonson, John Conrady, Ralph
Judge Norman L. Jones.

The petit jury list which re-
ported today and was examined
first included: Arthur Huseman,
William Hosack, Thomas E.
Moore, William Relf, Newt Beav-
ers, Edward Sherwin, F. C. Roe,
Scott Dunham, Louis Korty, John
Barry, John Haley, Oscar Free-
sen, William Elliott, Lyle Math-
ews, William J. Coultas, J. E.
Coultas, Ray Coultas, W. E. Coultas,
W. M. Badshaw, William
Miles Gish and Keith Peak.

The members of the special
panel are John Beesley, James
Clumane, Ouis Seelman, Wil-
liam Dabbie, Rudy Box, Edward
Franklin, David McDade, Sher-
man Bishop, Henry Middendorf,
James Chance, William Taylor,
R. A. Brackett, W. D. Botter-
busch, Charles Six, Mack Smith,

MATRIMONY

Carrigan-Lahey.
The marriage of Miss Margaret
J. Lahey and John J. Carrigan,
both well known in this county,
was solemnized at 6:30 o'clock
Monday morning in the Church of
Our Saviour, Rev. Father J. J.
Donohue performed the nuptial
mass. The bridal couple was ac-
companied by Mr. and Mrs. C. L.
T. Lahey, a brother of the bride
and his wife.

The bride was married in a navy
blue Podiet twill suit and wore a
tailored hat to match. The matron
of honor also wore a dark blue suit
and hat. The bridal bouquet was
of white roses.

An elaborate three course wedding
breakfast was served to a limited
number of relatives and friends at
the home of the bride's sister, Mrs.
W. T. Cook, on South Church street.
Here, spring flowers decorated the
house and the breakfast tables.

Mrs. Carrigan is a daughter of Mr.
and Mrs. T. M. Lahey of Litterberry
and for several years has been teach-
ing in Morgan and Cass county.
Mr. Carrigan is a son of Edward
Carrigan, south of this city, and is
a prosperous young farmer. They
will live on his farm south of Jack-
sonville.

Y. W. C. A. GROUP MEETINGS

The new committees of the Y.
W. C. A. held their group meet-
ings Monday April 30, in their
various meeting places. It was
the first meeting since the com-
mittees had been newly arranged,
and plans were made in each for
the future.

The various committees and
their advisers and chairman are
as follows:

Membership Committee Mrs. H.
Caldwell, adviser; Alice Carter,
chairman.

Social Service Committee, Miss
Frances Strawn, adviser; Mary
Janet Capps, chairman.

Bible Study Committee, Mrs. G.
H. Scott, adviser; Louise Ball,
chairman.

Financial Committee, Mrs.
Janet Oden, adviser; Nellie
Swain, chairman.

Social committee, Mrs. R. O.
Busey, adviser; Catherine Wilson-
chairman.

Publicity Committee Mrs. W. T.
Harmon, adviser; Elizabeth John-
son, chairman.

Program Committee, Mrs. C. H.
Rammekamp, adviser; Mary
Beaty, chairman.

World Fellowship Committee,
Mrs. G. E. Stickney, adviser;
Carol Lander, chairman.

The Social Service and Social
Committee were unable to meet.

The membership committee
planned to start its membership
drive now by getting everyone in-
terested in Y. W. C. A., so that
the new Illinois College students
in turn will be interested. As a
side issue, beside its regular work
they are going to study "Business
of Being a Friend," by Bertha
Conde.

The Bible Study committee, be-
sides its general plans, are going
to get a list of the girls in the dif-
ferent Sunday schools.

The financial committee plan-
ned a temporary budget for the fol-
lowing year. It is also going to
study art, the works of different
artists.

The Publicity committee be-
sides its regular work of keeping
the Y. W. C. A. before the public
is going to try to aid the college
community as well. It is going
to still carry on the courtesy cam-
paign, which has been found to
be of great interest in the past
year.

The World Fellowship Com-
mittee, besides making plans for the
regular work of that committee,
is going to take up the study of
Japan.

The Program Committee plan-

ned charts of programs for the
following year, and from time to
time, problems of interest to the
girls will be brought up and dis-
cussed.

On the whole, a very busy and
interesting year was planned.

Do You Suffer With Cough Or Weak Lungs?

Here is Something Worth Reading

Champaign, Ill.—"A few years ago I suffered an injury thru having a heavy wagon pass over my chest. After that my lungs were weak and my bronchial tubes were sore and in a congested condition all the time. I had a severe cough. I finally decided to give Dr. Pierce's Golden Medical Discovery a trial and it did me more good than any medicine I had ever taken from the doctors. It put me on my feet and I was able to go back to work and felt quite as well as ever. My wife has taken Dr. Pierce's Favorite Prescription as a woman's tonic and found it very beneficial in building up her whole nervous system."—S. W. Brewer, 309½ West Vine St.

COL. O. C. SMITH TO SPEAK AT WOODSON

Will Make Address at Woodson School Tuesday Afternoon—Other Woodson News.

Woodson, April 30.—Col. O. C. Smith, managing officer of the School for the Deaf at Jacksonville, is to make an address at the Woodson school Tuesday afternoon at 2 o'clock. This special program has been arranged in observance of the 25th anniversary of Dewey's victory at Manila Bay, and is one of a number of such celebrations planned for various parts of the state.

Miss Hazel Green spent Sunday with relatives in White Hall. Mr. and Mrs. B. F. Osborne and daughter of Jacksonville and Mr. and Mrs. William Osborne of Murrayville were Sunday guests of Mr. and Mrs. Miller Obert. H. L. Owings and daughter Elizabeth spent Sunday and Monday with relatives in St. Louis. Mr. and Mrs. Maurice Thompson and family of the Buckhorn neighborhood were Sunday guests of relatives here.

Next Friday is the closing of the Woodson school and the pupils and their parents are to enjoy an all day picnic at the school that day. Dinner will be served in true picnic style unless the weather is inclement, in which case dinner will be served in the Christian church basement. Any friends desiring to come and bring their dinner will be welcome to enjoy the day with the children.

Fred Rook of St. Louis spent the week end with his parents, Mr. and Mrs. William Rook.

Mr. and Mrs. Jack Rolson and son Howard and Mrs. Clark Combs and J. J. McAllister motored to Waverly Sunday and called on friends there.

Mr. and Mrs. Frank McCurley and children of Jacksonville called on relatives in Woodson Sunday.

Misses Hazel and Helen Rolson spent Sunday with friends in Jacksonville.

Mrs. Paul Humphries and little daughter of near Bloomington are visiting the former's parents Mr. and Mrs. E. N. Adams.

Mrs. Lena Carter of Jacksonville spent Sunday with relatives in Woodson.

Mr. and Mrs. Russell McAllister of Jacksonville spent Sunday with relatives here.

Mr. and Mrs. Joe Lashmet of the Durbin neighborhood were Sunday guests of relatives here.

Rev. G. J. Wright of Eureka preached a splendid sermon Sunday morning at the Christian church, his theme being "Repentance." His subject Sunday evening was "The First View of the Church." The Sunday evening service was a union of the Christian and Presbyterian church congregations and was largely attended. Music was furnished by the male quartet and by the orchestra from the Presbyterian church.

Mr. and Mrs. Charles Smith and family of the Point neighborhood were guests of Mrs. Smith's mother, Mrs. Mollie Fitzsimmons, on Sunday.

CIRCUIT COURT SUITS

A suit in assumpsit was filed in the office of Circuit Clerk Wanamaker, Monday by Harris Bros. an action against Edward Goldstein alleging indebtedness of \$500. The complainants are represented by Bellatti, Bellatti & Moriarty.

Mrs. Effie Breckon as executrix filed a foreclosure proceeding against C. E. Rousey et al. Mrs. Breckon is represented by Hugh P. Green as attorney. The claim is an indebtedness of \$600.

A partition suit was also filed Monday with Mrs. Margaret Packard et al as complainants and with Mrs. Mary F. Hill et al as defendants. It is sought to partition the real estate of the late Robert Hills. Eight tracts of real estate are mentioned in the bill.

VISITOR FROM WEST

Mr. and Mrs. Henry Schaub will leave today for their home in Seattle after a week's visit with Mr. Schaub's father, Captain John A. Schaub, and his sister Mrs. Schreiner. Mr. Schaub has been located on the coast since 1883, although he occasionally visits his home city. He is a traveling freight agent for the Rock Island railroad and has been so long in the railroad service that he is thoroughly experienced in that line of work. Mr. and Mrs. Schaub's daughter Lorena, who came with them from the coast, will remain for a longer visit.

FARM BUREAU NOTES.

Farm Adviser Kendall held a seed corn testing demonstration at the Charles Ogle farm near Arcadia yesterday. He was accompanied by J. H. Bigger, state entomologist.

Mr. Pigger is touring the county investigating the chinch bug situation. He finds that they are already beginning to infest the oat fields in different parts of the county, and farmers should begin preparations for fighting them in case they continue to increase. A good heavy rain at this time would be a wonderful help in checking them.

TO ALL CITIZENS.

Today being Dewey Day and Americanization Day, the governor of Illinois requests that all citizens display the flag at both their residences and places of business, in commemoration of the victory of Admiral Dewey, over the Spanish fleet at Manila twenty-five years ago.

George C. Blevins was a visitor from Manchester yesterday.

Lawn mowers called for, sharpened and delivered, \$1.00. Calls made Tuesdays and Fridays.

Pacific Northwest Vacations

three weeks enough. A month better

"Can I make a vacation trip to the North Pacific Coast and back in three weeks?"

YES! Easily. Not only that, but you can see Yellowstone Park on your way West and spend the best part of a week in the mountains or beside the sea.

This is a typical itinerary:

- 1st day—Leave Chicago, Union Station, C. & N. 10:30 A. M.—North Coast Limited (Along the Mississippi).
- 2nd day—Enroute Farm! Lakes! Forests! Roosevelt's Ranch!
- 3rd day—Through Gardiner Gateway. Arrive Mammoth Hot Springs. Yellowstone Park in time for luncheon.
- 4th, 5th, 6th and 7th days—In Yellowstone Park. Geysers! Bears! Waterfalls! Canyons of gorgeous colorings! (Slide trip).
- 8th, 9th, 10th and 11th days—In Butte, Helena, Spokane, Seattle, Tacoma, as you wish. The Rockies! The Cascades! The Olympics!
- 12th and 13th days—Rainier National Park—48 square miles of glaciers! Mountain peaks with wild flowers!
- 14th day—Portland—Columbia River Highway! Mt. Hood! Fisheries! Roses!
- 15th, 16th and 17th days—At the Seashore—Bathing! Golf! Rest!
- 18th, 19th, 20th and 21st days—Homeward bound—via Northern Pacific Railway—famously good dining cars.
- 22nd day—Home!

This itinerary, of course, is for those who can be away for only three weeks. If you decide to spend another week or more, you can visit California or Alaska.

Would you like me to prepare a special itinerary for you—starting from your home town? Tell me so and I'll do it.

"2000 Miles of Startling Beauty"

THE HONORABLE THOMAS C. MACMILLAN

President Tanner of Illinois college in 1886, shrewdly selected the Honorable Thomas C. MacMillan as a trustee of Illinois college, and he did well, for Illinois has few abler and wiser men. Mr. MacMillan, as well known, has been engaged in newspaper work for many years, was an editor of the Inter-Ocean. In his earlier days as a reporter he was with General Custer's troops when leader and men alike met their fate in the far northwest at the hands of the Indians; but fortunately he was not on the field at the wrong time. Later on coming to the city he entered the newspaper business and politics. For years he was a member of the legislature and known thereafter as Senator MacMillan. Still later he was for many years clerk of the United States District Court at Chicago—Judge Landis' court. He retired a few years since and has been living quietly in LaGrange, the suburb of Chicago.

Although busied in literary and political work and responding to many calls otherwise, Mr. MacMillan did better and was a leader in the Congregational Church of the Land.

Not long since Mr. MacMillan wrote as follows enclosing the following notable poem:

"LaGrange, Illinois. To my friend of more than a third of a century, Hon. Ensley Moore, of Jacksonville, Illinois, these lines are inscribed by Thomas C. MacMillan."

Gloaming
The following verses were composed during a period of partial eclipse of vision, when reading was not possible, and when writing was almost a lost art. This may account for some of the inequalities of the stanzas and the unfinished character of the lines. In the course of the composition of these verses, my little garden became at once a study and a sanctuary. And its front was toward the West.

As hours grow weary and tired day bends low beneath its load, I turn aside, And seek heart's ease among the trees and flowers, along my road, At eventide.

Withdrawn from scenes of strife, I muse, nor heed the city's calls, Or eager throngs:

'Twas simple shepherd heard, not chiefs in Hoped's princely halls, The Angel's songs.

The secrets of the life that is, and that which is to be, To few are known; Oft hidden from the wise, to children their deep mystery The Lord hath shown.

Despise not what seems little,

lowly, mean. There is no thing God may not use; A manger cot, a burning bush, a foal, a herdman's sling, A widow's curse.

When pole meets pole, sunrise weds eve, then may the sons of earth

Learn all Heaven's mind; From its Great Book each age will see still clearer light shine forth Upon mankind.

If in my day, I've spurned the weak and poor, what signify Wealth, power and place? My neighbor is the one who needs me most, what e'er his cry,

Class, creed or race.

Nile's willing flood bears Ethiopia's fertile vales to Egypt's fields, And lives to give;

The Dead Sea downward drags, and hoards, what Canaan's river yields, Nor gives to live.

Will that time come when there shall be no height or low estate—

Dividing men? Yea, when are dead greed, pride, injustice, poverty, lust, hate, And not till then.

Our task is long and hard, as Israel's march from Pharaoh's chains,

To Jordan's strand; But, safely led, we'll reach, thru seas, fens, toils and desert plains,

Our promised land.

I've wished to see a vision, as did Paul, and have revealed God's plans for me;

But, Naaman-like, I've scorned life's common things, where lay concealed My destiny.

At times I've walked some drear Emmaus road, with comrade dear,

Earth-worn and sad; And as we talked, One joined us, learned our griefs, spoke words of cheer, And left us glad.

The heart yearns for a God, whose smile no gifts can win, whose love

No sins efface, Whose free, world-kingdom Christ's great Father-word unfolds shall prove

Both truth and grace, But where He will be found? His kingdom, where? Be sure, indeed.

He's by our side, And that His Kingdom's in the heart that clings to Him, at need,

There to abide.

In Gloaming's dreams a home and hearth appear, and faces fair, A goodly band;

That one by one had passed like songsters in the autumnal air To some bright land.

My boyhood mates, friends of mid-life, companions old, tried, brave,

Before me come! None knightlier graced King Arthur's Table Round, or strove to save

Our dear Lord's tomb.

As friend with friend, so Enoch walked with God, far cycles past, In converse sweet;

The habit of the thought of God transforms the soul at last To life complete.

Youth's dazzling morn, noon's burdens, sunset's rest, the after-glow

These have been mine; On all the path, rough, smooth, dark, light, I have been kept, I know,

By love divine.

O Master, one with waning sight, his gloaming almost gone, Would humbly pray;

Guide Thou his steps, until, earth's shadows fled, he sees the dawn

Of Endless Day. Thomas C. MacMillan.

OPEN NEW FACTORY IN JACKSONVILLE

Springfield Man Starts Mattress Repair Business, to Be Turned Into Factory—Is Located in Old Jefferson Hotel Building.

Edwin W. White of Springfield has established in this city a mattress repair business, which he plans evidently to enlarge into a mattress factory. The new firm is to be known as the Jacksonville Mattress Co., and has been located in the old Jefferson hotel building on Illinois avenue near the Washburn junction.

Mr. White was employed for several years with the Charles A. Fisher Mattress Co., at Lincoln, Ill., and for the past few months has been with a company in Springfield. He believes there is good opening for a mattress factory in this city. The firm opened for business yesterday.

PROWLER REMOVES TIRE FROM WHEEL

Wilbur Rogers, who resides on a farm near Waverly, was surprised on entering his garage last Saturday morning to find that his machine had only three tires.

Someone had entered the garage sometime during the night and took a tire casing and inner tube from one of the wheels. The intruder had jacked up the wheel and removed the tire according to the most approved methods.

No other contents of the garage were disturbed. Mr. Rogers has no idea who the tire stealer might be.

INDEES HAD FIRST PRACTICE SUNDAY

About twenty candidates for positions on Frank Smith's Indees appeared for practice Sunday.

Brown, the left-hander from Beardstown, showed a world of speed, and has been engaged for the season. Manager Smith will use him Sunday against the Peoria Liberties, the game beginning at 2:45 instead of 3:00 as formerly.

Three other pitchers, Slims, McGuire and Reynolds, were also out, but none of them have yet been engaged.

Mr. and Mrs. E. A. Brennan left yesterday for Panama and Paris, Ill., for an extended business trip.

"DIVORCED DIGITS" IS LATEST SOCIETY

Seven senior girls of the local high school hiked to Rowe's woods yesterday afternoon and spent several hours among the trees. The results of this outing proved surprising. On their return to the city, the young ladies announced that they had organized themselves into a secret society, to be known as the "Divorced Digits."

The girls refused to give their names stating that this was a rule of their society. They are strictly limited in membership. One of the mottoes under which they march is "Single Forever." Why such a beautiful spring day as yesterday was should have such a chilling effect on the heart of the young ladies is a mystery. However, it is safe to say that the motto will not be taken seriously.

Musical Club Members Enjoyed Party Last Night

Members of the Boys' Musical club of Grace M. E. church were guests at a party last night at the home of Mr. and Mrs. J. E. Rawlings, east of the city. The affair was planned in honor of the birthday of Wendall Rawlings, who is a member of the club, and the guest list included about sixty besides the club members.

The house was made very attractive by the use of spring flowers and dainty refreshments were served in the course of the evening. During the evening a fine program was carried out by various members of the club and there was also a group of songs by Miss Beulah Tull of this city, who was among the guests. Other guests were Misses Inez Pires, Ruth W. E. Kitch and Edmund Munge; of the Conservatory faculty.

College Hill Club Met

The regular meeting of the College Hill club was held Monday afternoon with Mrs. B. S. Gailley at the home of Mrs. E. W. Brown on West State street. There were two papers, one by Mrs. George Bancroft on "The Yellow Peril" and the other by Mrs. Gailley, who discussed "The Fine Arts of Japan." A brief time was spent socially following the program.

BOLD HOLDUP CAUSED GREAT EXCITEMENT

Occurred at the Corner of Intersection of South Main Street and Michigan Avenue—Perpetrator of Deed Was Placed Under Arrest.

The holdup stood at the corner of South Main street and Michigan avenue, lit his cigarette and look- ing up and down the street. An auto salesman came out of the Jackson residence. He carried a grin and was starting on a trip. The holdup man saw the auto salesman, and with a crouching run dodged behind a tree, pulling a heavy club from under his coat as he ran.

Walking rapidly the traveller passed the tree all unaware of the danger that lurked there. There was a rush, a dull thud, and the bandit, leaping over his unconscious victim, searched rapidly he robbed the salesman of his valuables and ran across Main street and west on Michigan avenue.

A lone pedestrian who had witnessed the tragedy ran for a telephone. Howard Reynolds, who had also seen the holdup, rushed to the spot on his motorcycle.

Bending over the man on the ground, he made sure that the man was alive, then started in pursuit of the bandit. Reynolds arrested his man somewhere along the high fence at the rear of the hospital grounds.

Meanwhile the lone pedestrian had sent in a call for Withee's ambulance. The machine rushed to the scene. A white coated doctor and two stretcher bearers leaped from the ambulance, pulled out a stretcher and lifted the unconscious salesman upon it. The bandit dove to lift the stretcher into the ambulance when—

"Hold that position! Hold it tight where you are. I'm out of film. Don't move till I load up." And Photographer, W. H. George, who is the camera man for the state in preparation of the educational movie now in making here, ran to get a new reel of film. M. Emrick, who staged the hold-up and who has already spent a week in Joliet penitentiary in expiation of his crime, stood on the sidelines, along with a number of other interested spectators. H. L. Hughes, clerk at the Jacksonville State hospital, who plays the role of the patient and who has apparently been been knocked out by the bandit lay on the stretcher with all the appearances of a man who had received a blow in the head that put him entirely out of business.

Dr. G. T. McLin and the ambulance attendants stood and rested, while the camera was being loaded. Dr. Trippier, who had been the lone pedestrian speeding for a telephone, was also assisting the ambulance corps.

The camera was finally loaded and the ambulance filmed as it drove away. The producers then repaired to the hospital grounds, where a view of the ambulance coming up the drive was taken. Then to the main entrance where attendants, nurses and physicians lifted the patient from the ambulance and carried him up the steps. A line of patients, who, however, will not be recognized in the picture, as this would be illegal, were filmed while the camera was in this location.

The next scene taken was at the cattle barn, where Mr. Hughes, who plays the patient through the production at the institution, donned a white suit and milked for the movies. A picture of the big dairy herd at the hospital was taken as a part of this scene.

This work of the movie men occupied several hours, and yesterday afternoon's labor marked only the beginning of the work at the hospital. The patient must be taken thru all the departments and finally released in a sound condition.

It required a week to take the pictures at Joliet, where Mr. Emrick as the convict donned prison garb and went thru the various departments of prison life. S. J. Stannard and H. L. Becker, the directors, are working hard to make the picture a success. Mrs. Welles, the scenario writer for the film, is assisting in the work. Attendants, nurses, physicians, everyone is pressed into service to furnish the realities of the picture. At the penitentiary, numbers of the officers and guardsmen were put into the movies.

Interior work at the institution will prove more difficult than the outside scenes. This will probably begin today.

SPEEDER ARRESTED
A speeder was arrested on East State street Saturday evening. He was not only speeding, but running his car with the cutoff open. The man was taken into court and fined according to the statutes. There has been much complaint of noise and the roar of motor cars in the vicinity of the hospitals and colleges on East State street, and the police are making an effort to reduce the disturbance.

Spoke at High School

Dr. J. R. Harker of L. W. C. in Jacksonville and Senator McMurray of Chicago addressed the students of the community high school Monday morning. Senator McMurray, who is a prominent citizen of Chicago, spoke on the value of education in a business way and emphasized the point that those who receive a good education are more certain of promotion in the business world than those whose education has been somewhat neglected.

Dr. Harker gave a very interesting address on the subject "The

Pennsylvania Hard Coal For 1923

The eastern states have just gone through their greatest coal shortage. There is no assurance that the spring and summer tonnage will ever get caught up with the demand in 1923.

On September 1st the Present Mine Wage Scale on Hard Coal Expires

The hard coal miners want more money. Their low day pay scale is about \$5.00. The low day scale for soft coal miners is about \$7.50. This is what the hard coal miners are asking for. It looks like more money and higher priced coal or a strike. Take your pick and take your chances.

Growth of Education." He gave various facts to indicate the way in which the value of education has come to be more fully appreciated and the consequent growth in all the institutions of learning. The slogan of this well known college president might be said to be "Go to School. Another Year." Both talks were heard with deep interest by the high school students.

BRIGHT OUTLOOK FOR NEW COAL INDUSTRY

Committee Confers with H. E. Frye as to Big Sandy Mine—Could Employ More Than 200 Men by Fall of 1924

The industrial committee of the Chamber of Commerce met yesterday afternoon with H. E. Frye, head of the Big Sandy Mining Co. Mr. Frye stated that he expects to have at least forty miners at work by the beginning of next fall and that by September, 1924, if conditions continue to improve, the mine will employ 200 to 250 men.

At a depth of sixty feet the vein of coal is 30 to 33 inches in thickness and of good quality. Mr. Frye wishes to incorporate the company with a capital of \$30,000 and enter operations on a larger scale. Four hundred to five hundred persons visited the mine Sunday, and everyone was well pleased with the prospect of the new industry.

The committee informed Mr. Frye that the Chamber of Commerce could not endorse any stock selling proposition. However, the committee suggested that he call a meeting of citizens to consider the matter and if possible, to organize a company to sell stock. The committee offered Mr. Frye the use of the Chamber of Commerce headquarters for such a meeting, and also the assistance of stenographers in getting out the proper notices.

Chairman T. A. Chapin of the industrial committee, at the meeting yesterday, appointed two additional members, Fletcher J. Blackburn and A. R. Taylor.

ANNOUNCE NAMES OF WINNERS OF CONTEST

Those Who Won First in Try-outs Monday Night Will Represent Local High School at Winchester—Violin and Quartet Had No Competition

Try-outs were held Monday evening at the high school to settle the contests for the privilege of representing the local school at the Western Illinois meet on May 5 at Winchester. The contests were in the literary events and in the piano and vocal solo features of the musical events. Following are the results of the try-outs. The student winning first place in each event will be representative at Winchester.

Violin solo—Lyndell Conboy, (no competition).

Piano solo—Maurice Bradley, first; Elsie Cannon, second.

Vocal solo—Eleanore Andre, first; Fay Carroll, second.

Quartet—Russell Deatherage, Harry Stone, Ralph Corbridge and John Morris. (No competition).

Oration—Lee Baldwin, with "Bryan's Arlington Address," first; Harry Furry with "What Is Anarchy?" second.

Extemporaneous speaking—Harry Furry, first; Jane Smith, second.

Declaration—Lavina Scott, first; Vera Coulter, second.

Composition writing—George Metcalf, first; Georgia Terhune, second.

The musical contests in the Western Illinois meet will be held at Winchester on Friday evening next. The literary events will be held Saturday morning, and the athletic contests in the afternoon.

T. W. Burdick, editor of the Mercedia Budget, accompanied his wife to Jacksonville Monday, on a business trip.

ILLINOIS COLLEGE INTERSCHOLASTIC

Eighth Annual Event to be Held May 11 and 12—Changes are Made in Emblems Offered for Winning Schools and Individual Athletes.

The eighth annual Illinois Interscholastic Track and Field Meet and the annual contests in public speaking and music will be held in Jacksonville on Friday and Saturday May 11th and 12th.

This contest, conducted under the direction of Coach W. T. Harmon, has grown from a modest beginning in 1915 until it ranks in size and importance second only to similar contests conducted by the great universities of this state.

Preparations for the meet are nearing completion. Entry blanks have been sent out. The track is in better condition than ever before. Medals and trophies to be awarded are on hand. Ralph McCord, who officiated in the capacity of starter and referee last year will again handle the contest this year.

A slight change in the design of the track medal has improved the general appearance of it. Instead of the large shield which has been awarded in past years to the high school scoring the highest number of points in the track meet, the winning school will this year receive a beautiful bronze running figure "Breasting the Tape," 18 inches in height and mounted on a pedestal. The school finishing second in the track meet and the winning relay team will receive rewards in the form of appropriate shields.

In past years the Athlete who made the best performance has been awarded a cup in recognition of his ability. This year the best performer will receive a beautiful bronze Victory Statue, the figure on which carries a wreath of victory which is to adorn the brow of the successful athlete.

Gold, silver and bronze medals will be awarded the winners of first, second and third places, respectively in each event. Blue and gold prize ribbons will be awarded to the winners of fourth place in all events.

The following High Schools have entered the Interscholastic in past years:

Alton, Arenzville, Armstrong, Astoria, Atwood, Ashland, Auburn, Bath, Bement, Beardstown, Bowen, Bloomington, Bunker Hill, Canton, Carlinville, Carrollton, Champaign, Chapin, Chambersburg, Chatham, Clayton, Clinton, Cuba, Duquoin, Decatur, Divernon, DeLand.

Easton, Elmwood, East St. Louis, Flora, Franklin, Girard, Griggsville, Greenfield, Granite City, Greenville, Havana, Hinsdale, Hull, Illinois, Jacksonville, Jerseyville, Kampsville, Lewistown, Loomis, Manchester, Mason City, Macomb, Meredosia, Milton, Modesto, Mt. Olive, Mt. Vernon, Monmouth, Nebo, New Holland, New Canton, New Berlin, New Salem, Nokomis, O'Fallon, Palmyra, Pawnee, Payson, Pearl, Peoria Central, Petersburg, Perry, Peoria Manual, Pontiac, Pleasant Plains, Pittsfield, Pleasant Hill, Quincy.

Roodhouse, Roseville, Rushville, Scottsville, Shelbyville, Springfield, Staunton, Stonington, Table Grove, Tullula, Urbana, Tolono, Vermont, Versailles, Vandalia, Virden, Virginia, White Hall Winchester, Waverly and Waynesville.

Public Speaking Friday Night

Contests in oratory and declamation will be held on Friday evening, May 11, under the direction of Prof. Ames, department of oratory and English.

Preliminary contests will be held earlier in the week, the time depending upon the number of contestants entered.

Musical Contest Saturday Night

The final contests in piano, violin, and voice will be held on Saturday evening, May 12. Preliminary contests in the events will also be held earlier in the week so that only the best will compete on Saturday night.

These contests will be under the direction of William E. Kritek, director of the Illinois College Conservatory of Music.

The winners of first, second and third places in each of the events in public speaking and in music will receive gold, silver and bronze medals of special design.

An interesting feature in connection with the Interscholastic which has been arranged for the entertainment of the visiting athletes is the dual track meet between Illinois College and Bradley Institute teams to be held on Saturday morning at 10 o'clock. In the meet held between these two teams two years ago Illinois College won handily but last year Bradley trounced the Blue and White in the contest held in Peoria.

Last year there were 38 High Schools with a total of 380 contestants entered in the Interscholastic meet. The number of contestants and spectators is expected this year to surpass all previous records. Barring bad weather the track will be very fast and records will be in danger. A clear, warm day is all that will be necessary to make conditions ideal.

May 11 and 12 will be interpreted for the Illinois College students and their friends—the contestants and visitors from the various high schools.

SCOUTMASTERS HELD MEETING YESTERDAY

Matters of Importance Considered at Meeting of Local Scoutmasters Held Monday Afternoon

The Scoutmasters of various local Boy Scout troops held a meeting Monday afternoon at the Courier office. The meeting was attended by almost all of the Scoutmasters and various matters of interest were given attention.

One of the things considered yesterday was the construction of an overnight camp for the use of various Scout troops. At the suggestion of Dr. W. P. Duncan and Marcus Hulet this matter is now being worked out. Harry Walker being in charge of the arrangements.

It is probable that the camp will be constructed in a wooded spot a short distance east of Arnold and near the hard road. There is a spring and the spot is ideal for such a camp. A brick fireplace and a shack will be constructed and the camp fitted up for the use of the boys.

Another matter considered was the formation of a court of honor here. This would in effect be an examining board, before which the Scouts would come before passing any particular test. Questions would be asked by the board for the purpose of ascertaining the Scout's knowledge of the particular subject upon which he proposed to take a test.

H. H. Vasconcellos is to serve as chairman of this board and the other members are to be chosen in the near future.

Through the courtesy of Dr. E. L. Hill and the American Legion the Scout Troops of the city are to have the privilege of having booths at the State Hospital grounds on May 15, the date of the dedication of the new soldiers' hospital at the State hospital. At the meeting held yesterday plans for this undertaking were talked over.

ADVANCED STUDENTS RECITAL AT I. W. C.

A series of recitals of general work in the music department at Illinois Woman's college was brought to a successful close yesterday evening when a number of advanced students gave a very satisfactory account of their year's work. The remaining public work will consist of several programs to be given by certificate and diploma students, and of the usual "spring festival" given by the younger registrants.

To those who have followed the students thru their work as demonstrated during the year the success of yesterday evening was no surprise. Yet even those who knew best what to expect found themselves well satisfied indeed when the program had become a matter of history.

There were excerpts from two concerti for violin; the orchestral parts were supplied on the piano by piano students; Miss Gwendolyn Schroyer playing the Viotti "Rondo" for Miss King and Miss Luke playing the Vieuxtemps for Miss Cotner. No small amount of credit for the success of these two numbers is due to these two young women who played these difficult numbers so well that the soloists had every chance to be at ease and to know that at every turn the accompanists were ready to sustain the effects desired.

The students appearing on last night's program represent seven states in the union, which shows the wide field from which the college draws her students.

WEST SIDE ART CLUB HELD MEETING

The West Side Art Club attended the service Sunday afternoon at St. John's church, when a sermon was delivered by Rev. Henry Snowden. The church had been beautifully decorated with ferns and cut flowers and the service was made impressive in various ways. The program was as follows:

Prayer—Rev. M. Snowden.

Song—Choir.

Scripture—Rev. Mr. Snowden.

Report of Charity Work—Mrs. M. Saunders.

Song—Choir.

Paper—"Our Club"—Mrs. S. S. Douglas.

Remarks—Mrs. A. J. Jones the president.

Song—Club.

Mizpah—Club.

The club met recently for a social session with Mrs. McDaniel and Miss Lida Moore as hostesses, at the home of the former. Dr. A. H. Kennibrew made an address to the club and Mrs. Amelia Sharp gave a reading. After the serving of refreshments the club adjourned to meet the second Friday in May at the home of Mrs. Ida Muse, with Mrs. B. Muse assisting.

DANCE ISSUE UP AT PARK BOARD MEETING

Request for Prohibition of Public Dance at Park During Chautauqua Season Meets Determined Opposition—Stopping Dances Caused Heavy Financial Loss, Board Says.

A refusal to say that public dances should not be carried on in the pavilion at Nichols park during the chautauqua season came from the park board yesterday afternoon, in a spirited conference with representatives of the chautauqua board. Rev. W. E. Spoonst was spokesman for the chautauqua board, and requested that the association might have the grounds this season under the same conditions as were in force last year.

The park board, thru the president pro tempore, A. C. Metcalf, stated that it was perfectly willing to co-operate with the chautauqua people in every way possible, but that the prohibition of public dances during the chautauqua period last year did not prove satisfactory. It was therefore deemed advisable by the board that the dances should not be discontinued.

The prohibition of the dances, however, proved to be the main point for which the chautauqua representatives were contending. Rev. Mr. Spoonst stated that never had the chautauqua been so free from disturbances as last year when the dances were not allowed, and that the board had received high commendation from the chautauqua audiences on this account. Rev. Spoonst was of the opinion that patrons of the dance had the entire season for their amusement, and could afford to give up ten days. He pointed out that the chautauqua authorities had in previous years had trouble with young people who came to the grounds from the dance, in company with campers who had attended the dance.

Board Gives No Hope

The reply of the board board gave the chautauqua delegates no hope of gaining their point. It was maintained that the discontinuing of the dances for ten days last year had proved an unending source of trouble for the park board. The promoters and patrons of the dances became incensed at the treatment they received. Dances were held near the park, but in unsupervised places outside the control of the park board. Conditions were unpleasant in the extreme.

In addition to the adverse criticism received and the antagonism aroused among the patrons of the park dances, the park board lost heavily in a financial way thru their discontinuance. The board members said. The actual loss in revenues from the dances during the ten-day period was about \$500 and for several weeks after the dances were resumed at the pavilion, the revenue was cut almost in half. The park board expected a return of at least \$2300 for the entire season, and in fact realized from the dance concession only about \$1,500.

The park board feels that this year it cannot afford to stand such a financial loss. The funds available for park purposes this year are \$3,000 less than those of last year, and all sources of revenue must be kept up to the maximum.

Park board members were free to express their dissatisfaction with the discontinuance of the dances, and chautauqua representatives were equally free in their opposition to the dances being held during the chautauqua season. The moral side of the question entered into the debate, and the park board took the stand that, in view of the fact that last year's experience showed that the dance could not be prohibited, it was much better to have it well supervised.

RAINFALL BELOW NORMAL IN APRIL

Yesterday was an unusually warm day for the last of April, according to George Hall, the Alexander weather man. The mean temperature for the past month was fifty-two, just one-tenth of a degree below the normal temperature for April. In the matter of heat, then, the month has been fairly well behaved.

The rainfall for the past month was 1.88 inches, which was 1.1 inches below the normal rainfall for April. It is now so dry that there are no tiles running, which is unusual for this time of year. Last year the rainfall during April was 6.41 inches. Many people who suffered with the flu had cause to remember the damp weather of last season.

PLAN TAG DAY TO AID PRISONERS' CHILDREN

Number of Local Ministers and Others Sponsor Work of Volunteers of America in Aid of Helpless Children of Convicts—"Heart Tag" Day Set for Next Saturday.

Saturday will be "Heart Tag" day in Jacksonville for the Volunteers of America, permission having been given to a representative of that worthy institution founded many years ago by Maude Ballington Booth.

The affair is sponsored by Mrs. A. P. Howells, Rev. W. H. Marbach, Mrs. William H. Mason, Mrs. M. D. Shanahan, Rev. T. H. Tull, Mrs. A. B. Williamson, with Miss Jennie Grassley in charge at headquarters in the Chamber of Commerce.

Said the representatives of Mrs. Booth's prison work: "It is strange indeed, that with all our philanthropic enterprises, no concerted action has ever been taken to prevent the indirect punishing of innocent children from the direct penalty laid upon their elders. When a parent is taken by the law, the home circle is broken, and often the innocent ones left to die of want, as well as to the cloud of overhanging disgrace. It is to such as these throughout the state that the Volunteers

of America give their faithful services, and the small coins to be asked for on Saturday will be used in that department of Mrs. Booth's work."

MISS HELEN MATHEWS WEDS IN KANSAS CITY

Niece of Mrs. W. Barr Brown is Bride of Mr. Bernard C. Altman of Kansas City.

Announcements have been received of the marriage of Miss Helen Mathews of Kansas City, a niece of Mrs. W. Barr Brown of this city, to Mr. Bernard C. Altman of Kansas City. The wedding, which was a simple but impressive one, was solemnized Saturday at the home of the bride's parents, 1614 Lawwood Boulevard, Kansas City.

The bride is a daughter of Mr. and Mrs. E. C. Mathews and is one of the popular young women of her home city. She has been a visitor in Jacksonville at various times in the past and has a number of friends in this city, all of whom will be interested in learning of her marriage.

Mr. Altman is a member of the firm of C. B. Altman & Co., one of the long established jewelry houses of Kansas City. After a brief wedding trip Mr. and Mrs. Altman will be at home in Kansas City.

KNOX DEFEATED LOMBARD 7 TO 6

Galesburg, Ill., April 30.—Knox College baseball team won from the Lombard nine here today 7 to 6 in the opening game between the pair of local colleges. Lombard held a five run lead over Knox, but the latter through heavy hitting including a home run by Pitcher Armstrong, out scored their opponents in the final innings.

Ray Blades Knocks Fourth Homer of Year—Teamus Pay Tribute to Umpire Sentelle.

ST. LOUIS, April 30.—St. Louis made it four in a row by defeating Pittsburgh today, 7 to 5. Ray Blades knocked his fourth homer of the season in the eighth inning tying the season's mark for four batters set by Williams of the local Americans and Hartnett of the Chicago Nationals.

George Boehler, the new right hander, was routed in the third by the locals. Just before game time, members of both teams grouped around the plate, and with head bared, stood for two minutes in a silent tribute to Umpire Sentelle, who died Friday.

SCHOOL FOR THE DEAF NOTES

Col. O. C. Smith motored to Springfield Monday on a business trip.

Miss Edith Jordan left Monday for St. Louis to attend a meeting of the Western Arts association, which convened yesterday.

The girls' M. I. S. literary society, numbering forty six, went on a hike Sunday to the Rowe woods, where they ate their lunch, and spent the day in games and gathering wild flowers. The chaperones were: Misses Hasenstab, Berkley and Kearney, and Mrs. McFarland.

Mr. Snider remains very sick. Cherry Lane, which is a name given to the lane running thru the center of the grounds toward Grand avenue, is certainly a very pretty sight, just now, with a long row of cherry trees on both sides of the drive, all in full white bloom. Visitors continually pass remarks about the beauty of the lane.

SEALED BIDS.
Sealed bids will be received by the architect until 12 o'clock noon Saturday May 12, 1923, for the general construction of a one-story brick school building for School District No. 57 Morgan county, Illinois.

Each bid must be accompanied by a certified check for at least five per cent of the bid as a guarantee that the accepted bidder will enter into contract to construct the building and furnish acceptable bond for the faithful performance of the contract.

The right is reserved to reject any or all bids or to waive defects in any bid if it is deemed to the interest of the School District to do so.

General contractors may obtain plans and specifications from the architect, J. K. C. Pierson, 606 Ayers Bank Bldg. on or after 1 o'clock p. m., Wednesday, May 2, 1923 by depositing with the architect ten dollars in cash as security for their return in good condition.

Lasting Satisfaction in the Hupmobile

Satisfaction is perhaps the one word which best describes the feeling of every Hupmobile owner.

Satisfaction—with the faithful way it performs the tasks he sets for it to do; with the fact that it requires next to nothing in the way of expert care and adjustment; with low costs that stay low all the year 'round.

Satisfaction, in short, because the Hupmobile always does the things he wants it to do in the way he wants it to do them.

DEMPSEY TO MEET GIBBONS

CHICAGO, Ill., April 30.—Jack Dempsey, world's heavy weight boxing champion, will defend his title against Tom Gibbons, St. Paul challenger at Sholby, Montana, on July Fourth in a fifteen round to a decision contest, Lloyd Molumby, state commander of the Montana American Legion announced tonight. Molumby said that an agreement was reached tonight over long distance telephone with Jack Kearns, Dempsey's manager.

All that remains to be done, Molumby said, is to sign the articles and to select the referee. A dozen of the most prominent referees in the country have been discussed he added.

Articles of agreement will be signed Wednesday or Thursday in either New York or Chicago, Molumby indicated. He said he expected Kearns to come here to conclude the formalities but that if he did not Molumby expected to go to New York by airplane.

Molmuby flew from Montana to Chicago by airplane in an effort to land the fight for the Montana legion. On the way he picked up Mike Collins of Minneapolis who has been associated with Molmuby in arranging for the battle.

After meeting Kearns here last Friday, Dempsey's manager returned to New York without an agreement.

While the agreement under which Dempsey will fight was not announced by Molmuby, it was learned that the champion will be handed a certified check for \$100,000 as soon as the articles are signed. It was intimated that Kearns had agreed to a plan providing for a guarantee for Dempsey with the privilege of a percentage of the gate.

Dempsey will meet Gibbons two years to a day since he last defended his crown, defeating Georges Carpentier at Jersey City July 4, 1921.

Shelby, Montana, the site of the encounter will prove a much different experience for Dempsey than the scenes of his previous fights since becoming champion. It is a town of less than 1,000 people located in the midst of the Montana oil fields.

The church at Sunday school was 325 as against 351 the Sunday before, the interest and work done is steadily increasing. There were 76 in the primary department, 87 juniors and 75 in the Men's class.

The class taught by John Godfrey and coached by Warren Hoagland has organized a baseball team, The Centenary Rinkys, and will soon be in condition to challenge or to accept challenges from any team in the city. The boys are on their toes for a full season.

The attendance of the Goto-Church club was also unusually good, and the time devoted to this feature of the service is fast becoming one of the most interesting parts of the program. ROMANCE IN ARTIST'S LIFE

Path of the Inventor of the Sewing Machine, by No Means a Bed of Roses.

Elias Howe, the inventor of the sewing machine, was born in Spencer, Mass., July 9, 1819, and died in Brooklyn, N. Y., October 3, 1897. He lived with his father, who was both farmer and miller, till 1836, working upon the farm and in the mill and attending the district school during the winters. He then learned the trade of machinist, and experimented in inventing a sewing machine. The model was completed and the patent issued September 10, 1846. A patent was also taken out in England, but in the meantime the inventor realized nothing. After constructing four machines in the United States he visited England in 1847, remaining two years. He returned to Boston entirely destitute, and resumed his trade for the support of his family. From this period until 1854 he was involved in expensive law suits, when the principal infringers of his patents acknowledged his rights, and arranged to manufacture sewing machines under licenses from him. After this he made a large fortune as a private in the Seventeenth Connecticut volunteers during the Civil war. He was the recipient of the Legion of Honor cross and many medals.

FIND LONG-BURIED VILLAGE

Interesting Archeological Discovery Recently Made in the County of Surrey.

Remains of an ancient village, the first portion of which was discovered in 1904 when some foundations were made, have been found recently during sewage development work at Wisley, Surrey. The date of the village is considered to be from 50 B. C. to A. D. 50.

Investigations have been very difficult because most of the site of the village was dug away in 1904. On the present occasion a few but dwellings had been found. These consisted of circular pits, six to seven feet across and a couple of feet deep. They were filled up with sand, but were quite distinct when seen in section.

They contained minute fragments of broken pottery. Unfortunately, the nature of the sandy soil was such that all bone, metal and all wooden implements had been destroyed. Pottery was the only thing that could be found and it was only two pieces that the pieces of pottery were large enough to be of any archeological value.

Years ago, at the foot of the village, a "dugout" came, evidently belonging to the village, was discovered. That is now in Welbridge museum. Flint implements were also found at that time.

Broadcasting Hotel Orders.
Horace Greeley of the world hand-writing could never have held the position of a hotel manager or an assistant manager of one of our modern hostels. His penmanship was too illegible. The management of big hotel departments, from the cold storage to the linen department, involve the use of the telegraph to a marvelous extent.

My chief help is a facial clay. Not the crude and muddy clays so many use today, but a white, refined clay, clean and dainty, wondrously effective. It is the final results of 20 years of scientific study.

French beauty experts, many years ago, taught me what clays can do. Then few women used them, and those women became the marvels of their time for beautiful complexions.

But science has gone far since then. It has found that rare clay, mineral laden, which brings maximum results. It has learned how to refine it—to remove the useless mud. It has added factors which give to clay a multiplied effect.

No ordinary clay gives one any conception of what this new-type clay can do.

Now I am having this super-clay prepared by able experts, so

all who wish may get it anywhere. And I call it my White Youth Clay.

Clay is essential to beauty at its best. Also to continued youth. Even women who use crude clays stand out in any crowd. No girl or woman in these days can afford to miss clay.

Clay draws out what clogs the skin—the causes of sallowness, blackheads and blemishes. It brings the blood to the skin to nourish and renew it. The result is a rosy complexion. It firms the skin, and combats the cause of wrinkles.

Not all these results come at once, but most of them are prompt. Many women, in 30 minutes, seem to drop ten years. And my own smooth, soft, rosy skin shows what constant use will do.

If you have used other clays, my White Youth Clay will be a revelation. The new freshness it brings will amaze you. Its daintiness will delight you. You will see why its use has kept me ever beautiful and young.

Edna Wallace Hopper's White Youth Clay is now supplied by all druggists, all toilet counters. Price 50c and \$1 per tube. Also my Youth Cream, which should follow the clay. Also my Facial Youth—my liquid cleanser. Also my Hair Youth, which brought my luxuriant hair. My beauty Book comes with each.

I urge every girl and woman to try this Youth Clay in justice to herself.

BROOKLYN BRIEVITIES

The Dramatic Sermon presented by the pastor and choir of Brooklyn was pronounced by many in the audience that filled the auditorium, to be the best and most impressive program that has ever been given in this church and some went so far as to say that it was the best they had ever seen in any church.

One man declared that if the churches would preach the gospel in this fashion they would all be filled. The service opened with a happy half hour of smiles, sunshine and song, which the audience thoroughly enjoyed, making it a time of real neighborhood fellowship. Then as the lights were slowly turned off, a full length portrait of Christ appeared on the wall, and during the Silence that followed, the pastor offered prayer. The dramatic story of Charles Carey was spoken by the pastor, while the choir responded with appropriate hymns, solos, duets, quartets and choruses and the congregation listened with unflinching interest to the close, because the story of their own lives was being unfolded before them. All are wondering what will come next. There will be something doing at every service.

Next Sunday evening, there will be a sermon on "Ben Hur, A Tale of the Christ." May 13 will be Mothers' Day. There will be a special program at Sunday school in honor of the mothers and the pastor will preach a sermon to them, while a nursery will be conducted in the Sunday school room for the babies.

At the evening hour, there will be a dramatic sermon representing an ideal Christian home. The Sunday school attendance Sunday was 109 and the offering \$5.00. We are still working for the 200 mark. The pastor preached to the children on "Something They Had Never Seen Before and Would Never See Again." Mr. Walters and Mrs. Randle sang a duet. Miss Virginia Godfrey played as a piano solo, "Birds of Spring." The boys' choir sang as a special number, "The Garden of Prayer." Next Wednesday evening, the study will be "What is a Religious Experience?" Everybody welcome.

FIRST BAPTIST CHURCH NOTES
The Sunday school attendance on Sunday dropped some over the week previous but still was ahead of previous records, reaching 330. Story's men's Bible class is making a name for itself in the balcony.

The pastor, Rev. A. P. Howells, preached to a large audience in the morning on "Your Age, Please." This discourse dealt with the folly of "sounded times." Misses White and White at the Baptist Chapel on Ashland avenue, arranged a delightful program for the Sunday school consisting of a piano trio, a vocal trio, an instrumental selection on the new piano by Miss Bernice Wood of the school for the blind.

The Senior B. Y. P. U. attended the Fifth Sunday Rally at the Congregational church in a body, and one of their number, Byron Stewart, conducted a splendid service in which the other young people's societies of the city assisted. The retiring president of the Federated Young People's Societies Union surrenders his position to Alfred Cranwell of the Christian Endeavor Society of the Congregational church.

"The Challenge of the Cross," a Christianization play was effectively rendered at the Baptist church on Sunday night under direction of Miss Lucille Tibbe, and assisted by Miss Armstrong and six young women.

DINNER PARTY GIVEN SUNDAY AT ALEXANDER
Mr. and Mrs. William Foster who reside north of Alexander gave a dinner party Sunday at their home, about thirty relatives and friends being present. The dinner which was served at noon was an elaborate one. Several hours afterward were spent in a delightfully informal social way.

The guest list included Mr. and Mrs. Ernest Strawn, Mr. and Mrs. Walter Oddy and family, all of Jacksonville; Mr. and Mrs. Newton Oddy and family, east of the city; Mr. and Mrs. Frank Foster and family, Mr. and Mrs. Harry Foster, Mr. and Mrs. Charles Jackson and family of Arlesans.

Baseball, Tennis and Golf supplies at Brady Bros., Hdwe. Co.
David Sehnardt was a caller in the city from Alexander yesterday.

MRS. COHEN WILL TAKE DOWER INTEREST

Wife of Deceased Merchant Renounces Husband's Will—Other Probate Court News.

In the probate court Monday Mrs. Fannie Cohen filed her renunciation of the will of her husband, the late Jacob Cohen, in which arrangements were made for special bequests to her. Mrs. Cohen by this renunciation elects to take her widow's award and dower interests, in accordance with the law governing in such cases. Mrs. Cohen's attorneys are Carl E. Robinson of this city and J. W. Templeman of Springfield.

The inventory in the estate of George C. Guthrie was approved and a like order was made in the estate of W. J. Moore.

In the estate of J. Spencer Self the petition of Lula Self for the probate of the will was filed.

Walter Bellatti, as executor of the estate of W. T. Brown, filed his report, which was approved.

The report of Robert L. Montgomery, guardian of Joseph Montgomery, a minor, was approved.

The final report of Albert Watt, administrator of the estate of Anna Watt, was approved.

Letters testamentary were ordered to issue to Horace Coleman in the estate of Sarah Coleman.

Report of private sale in the estate of Frank Zoll was approved.

Grace Church Doings

Sunday marked the close of the Sunday school contest that has been pending for nine weeks with the Bloomington school. The local school wins the contest by a score of 740 points to 590. Sunday was almost a perfect day and the attendance registered 532, with 432 of the attendants on time, and 17 new scholars. Bloomington had an attendance of 490, with 405 on time and 17 new scholars.

It is remarkable how people can get out on time when there is something that impells them. The student class had general charge of the devotional period, providing chairman, chorister, special instrumental and vocal numbers from their membership. These efforts were greatly appreciated.

On "Mother's Day" the class of girls and boys taught by Mr. Lent will prepare a special program.

"What is a Christian?" was the subject of the morning sermon by the pastor.

The Junior League met at 4:30 and at 6:30 the Intermediate League met, while the Seniors joined in the Union Young People's service at the Congregational church.

At 7:30 the pastor used as a theme "Russia, Tolstoy and the Rock of Ages." It was a strong narration of the historical events of the nation for the last several hundred years leading up to the present critical situation.

The Woman's Foreign Missionary Society will meet at the church on Wednesday at two o'clock, the following hostesses will have charge, Mrs.

Davis, Mrs. Pitner, Mrs. Lorton, Miss Lee, Mrs. Brown, Mrs. Spreen, Mrs. Thompson, Mrs. Williamson and Miss Straight.

Church supper will be served Wednesday evening at 6:15 followed by the special program with the prayer service at 7:30.

The regular monthly meeting of the Young Women's Fellowship Circle will be held at the church on Wednesday evening at the usual meeting time.

My Perennial Beauty

And my debt to France

By Edna Wallace Hopper

All who see me on the stage and elsewhere know that I look 19. My youthful bloom is the envy of countless debutantes. Yet for 32 years I have been a musical comedy star, and am now of a grandmother's age.

I owe this to France. Her experts perfected the beauty helps I use. And I served with France during all the great war to help repay the debt.

Now I go further. I am offering these formulas to all woman-kind. I am sharing with all the helps I found, and what they brought to me.

White Super-Clay
My chief help is a facial clay. Not the crude and muddy clays so many use today, but a white, refined clay, clean and dainty, wondrously effective. It is the final results of 20 years of scientific study.

French beauty experts, many years ago, taught me what clays can do. Then few women used them, and those women became the marvels of their time for beautiful complexions.

But science has gone far since then. It has found that rare clay, mineral laden, which brings maximum results. It has learned how to refine it—to remove the useless mud. It has added factors which give to clay a multiplied effect.

No ordinary clay gives one any conception of what this new-type clay can do.

Now I am having this super-clay prepared by able experts, so

all who wish may get it anywhere. And I call it my White Youth Clay.

Clay is essential to beauty at its best. Also to continued youth. Even women who use crude clays stand out in any crowd. No girl or woman in these days can afford to miss clay.

Clay draws out what clogs the skin—the causes of sallowness, blackheads and blemishes. It brings the blood to the skin to nourish and renew it. The result is a rosy complexion. It firms the skin, and combats the cause of wrinkles.

Not all these results come at once, but most of them are prompt. Many women, in 30 minutes, seem to drop ten years. And my own smooth, soft, rosy skin shows what constant use will do.

If you have used other clays, my White Youth Clay will be a revelation. The new freshness it brings will amaze you. Its daintiness will delight you. You will see why its use has kept me ever beautiful and young.

Edna Wallace Hopper's White Youth Clay is now supplied by all druggists, all toilet counters. Price 50c and \$1 per tube. Also my Youth Cream, which should follow the clay. Also my Facial Youth—my liquid cleanser. Also my Hair Youth, which brought my luxuriant hair. My beauty Book comes with each.

I urge every girl and woman to try this Youth Clay in justice to herself.

Use

Polarine
THE PERFECT MOTOR OIL

Made in Five Grades

It is tested, scientifically, in hundreds of tests—in all kinds of engines—under all road conditions.

Polarine is dependable at all speeds—at all temperatures—because it holds together. It maintains its body, does not disintegrate under pressure, will correctly lubricate your car at all times, provided the grade indicated in the Chart is used.

Polarine is elastic. It forms a perfect cushion, an unbroken film between the moving metal parts. Yet it offers minimum resistance to motion and maximum flexibility.

This flexibility often minimizes gear shifting. This means economy (and convenience), because driving in low always consumes more gas. Change your motor oil every 500 miles and specify Polarine.

WHITE HALL PLANS MAY DAY PROGRAM

Interesting Program Being Ar-
ranged for First Observance of
May Day in Greene County
Town—Other White Hall Items

White Hall, April 30. — The
Maypole dance, crowning the May
queen, band concerts, drills, min-
strels and voice choruses will
characterize the first observance
of May Day next Tuesday at
Whiteside park. It is perhaps the
first observance on such a scale
in this section of the state, and
the completed arrangements af-
ford an index of the character of
the event.

The exercises will begin at 3 p.
m. with a concert by the K. of P.
band. This will be followed by
the Maypole dance under the di-
rection of Miss Jessie Griswold,
in which there will be eight dan-
cers. The chorus of the White
Hall Music Club will precede the
crowning of the May queen in the
person of Miss Mildred Fox, who
was chosen from the high school.
This feature is under the direc-
tion of Mrs. R. F. Ballard. Miss
Eleanor Baldwin, ex-queen, will
do the crowning, in connection
with which there will be sixteen
milk maids in costume. The four
attendants to the queen are Misses
Pauline and Beulah Gilmore,
Helen Woods and Grace Hyle;
train bearers, Donald Shirley,
Kendall Seely, crown bearer, Ray
Hamilton, Jr., heralds, Paul
Brown, Robert Piper. The entire
school will participate in these
festivities, which will be conclud-
ed with a band concert.

At 7:30 p. m. the events will
be continued with a fancy drill by
the team of the R. N. A. camp
that has received wide recognition
through participation in R. N. A.
gatherings in recent years, and
which will be in its very best
condition on this occasion. A
male chorus and band numbers
will interest and conclude the
program for the evening, the
main feature of which is a min-
strel performance under the di-

rection of Mr. and Mrs. Harry IL-
leton. The cast for this feature
contains the experienced artists in
minstrelsy in the local field, the
cast being as follows: Sambo,
John Wright; Uncle Rastus, Vir-
gil Turner; Liza, Mrs. Mallory;
St. Billy Patterson; Jim, Harry
Littleton; Miranda, Mrs. James
Haddock; Jack, Verne Winters;
Lucida, Miss Cora Walker; Sally
Mrs. Frank Henderson; Bill,
Charles Marks; Belinda, Mrs. H.
Postlewait; Peggy, Miss Lucille
Evans; Musicians, Virgil Bal-
dwin, Virgil Bowen, Frank Hen-
derson.

Makes Annual Visit.
White Hall, April 30.—Dr. Mar-
tin McMahon was over from Pal-
myra last week on his annual vis-
it, which has been a regular prac-
tice of his for the last eight years
without intermission. He was
born near Patterson, but his boy-
hood was spent at the McMahon
farm house at the big spring at
the mouth of Seminary creek. He
is not about 67 years of age, and
one of the old practitioners of the
Macon county town. Such vis-
its are giving increasing impetus
to the collection of historical data
and relics that are to become such
an important part in the form of
displays in Whiteside-Griswold
memorial library in such volume
that the authorities are beginning
to take stock of the offerings in
order to bring about the most im-
portant displays in fostering pride
in accomplishments and the lead-
ing characters of the community,
so valuable from educational and
patriotic standpoints.
